Dear Mr. Abugov,

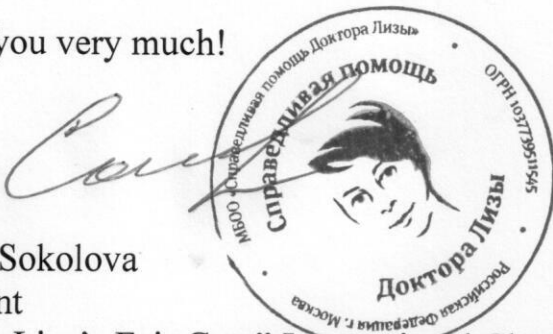

On behalf of all staff members and volunteers working with the "Doctor Liza's Fair Care" International Charitable NGO, I want to send you our deepest and most sincere gratitude for your support and participation in the activities of our organization.

With your financial backing, the "Mercy Shift" project will allow victims of violent conflict and severely ill and wounded children, who are undertaking rehabilitation, to live in comfortable conditions in the Moscow Mercy House, founded in 2015 by Elizaveta Glinka. We are looking forward for the development of the corporate style and a new website for our organization to be completed soon.

Thanks to you, we've also got acquainted with the PHILIN Foundation, helping us to create a new reporting system, which is very important in a situation when our organization is in the process of changing its structure and charter. So far, we are almost done with the administrative changes, and are exploring the possibility of creating some new charitable programs for our contributors and partners to participate in.

On my own behalf, I'd like to add that you've offered your help at a moment that was extremely difficult for me, when my close friend died, and I had to take responsibility for a case that I had never been dealing with before. Your participation has given me strength and confidence.

Thank you very much!
